CONCRETE & MASONRY PRODUCTS

Strength and versatility ensure our quality.

Centennial Wire manufactures various accessories for the masonry industry including masonry wall reinforcing, rebar and merchant wire, and straight and cut wire.

We produce all our wire in-house, ensuring versatility, quality and fast, dependable service at competitive prices. You'll save even more on shipping by getting everything you need from one source!

A - Ladder or Truss Type Reinforcement

- Two, three and four wire configurations
- Box reinforcements
- Adjustable with tab and box tie or double eye and pintle
- With prefab corners or tees

B - Rebar Wire
